

CITY OF LODI

PUBLIC WORKS DEPARTMENT

COUNCIL COMMUNICATION

TO: City Council
FROM: City Manager
MEETING DATE: July 20, 1988
AGENDA TITLE: Review Request for Right-of-way Encroachment, 1029 South Sacramento Street

RECOMMENDED ACTION: That the City Council deny the request of Interlake/Lodi Fab Inc. to use the public right-of-way for the placement and storage of a waste bin.

BACKGROUND INFORMATION: In October of last year, the City Council reviewed the various encroachments which were taking place within the public right-of-way. This Department is enforcing the ordinance with respect to these encroachments. Letters were sent to parties having encroachments, allowing them sufficient time to remove their property from the public right-of-way. Approximately 40 businesses have now complied with this request.

Interlake/Lodi Fab Inc. had been notified that storage of material and refuse bins was not permitted in the public right-of-way. They have made an attempt to relocate their materials and bins out of the right-of-way.

Interlake/Lodi Fab Inc. is requesting permission to leave one bin on the street. This is a 50 cubic yard bin which Interlake/Lodi Fab Inc. leases from California Waste Removal Systems. California Waste has an annual encroachment permit for the temporary placement of refuse bins on City streets. The bin leased by Interlake/Lodi Fab Inc. is not covered by the California Waste encroachment permit.

It is felt that the approval of this request would set a precedent for allowing industrial and commercial businesses to store material and bins on the sidewalk and in the public right-of-way. Therefore, it is recommended that this request be denied.
